

## IN 2025, YOUR SUPPORT HELPED US:

- Kick off a year-long partnership with Culbertson School, working alongside educators and administrators to intentionally nurture a culture of kindness, respect, and healthy communication.
- Engage in a monthly mentorship program at the Boys & Girls Club, a powerful reminder that consistent presence matters. Showing up, listening, and empowering others through the Kee Concepts of Communication helps young people feel seen, heard, and valued.
- Reach countless young people through local youth and school presentations, creating space for honest conversations, connection, and hope.
- Raise over \$75,000 at our 2nd Annual KEESTONE Communication Golf Tournament.
- Serve as the major sponsor of Head Start's golf tournament. We are excited to continue partnering with them in 2026 to support families and children in our community.

## We still have work to do—and we need **your** help.

**In just the last three months, several young people in our own community—as young as 11 years old—have died by suicide. There are no words that fully capture this loss. These tragedies remind us why this work matters so deeply and why we must continue confronting the stigma surrounding mental illness with courage, compassion, and urgency.**

**Your continued support helps us keep showing up, keep teaching, keep listening, and keep building a world where kindness, respect, and open communication are the norm—not the exception.**
